CREAM CLEANSER

DESCRIPTION

A mildly abrasive, highly effective liquid scouring compound. Contains no acids and will not scratch. Quickly and effortlessly removes soap film, grease, stubborn scuff marks, rubber burns, rust stains, etc.

Easy to use. Easy to rinse. No powdery film. Leaves surfaces sanitary.

USES

Cleans sinks, tubs, shower stalls, wall tile, drain boards, toilets, urinals, water fountains, stoves, appliances. Safe to use on porcelain, ceramics, enamelware, stainless steel, chrome, aluminum, brass and other metal.

HOW TO USE

Squeeze a few drops into a damp cloth or sponge, or directly on the surface to be cleaned. Rub soiled area lightly in one direction with cleaner. Rinse off with water or wipe with a wet cloth or sponge.

BENEFITS

CONTROLLED DISPENSING: The flip top on the bottle releases just the desired amount to do your job.

CLEANER CLEANING: Unlike dry scouring cleansers, there is no powder to fly beyond the job you are doing.

WATERPROOF CONTAINER: Prize is packaged in plastic bottles, not spiral cardboard that gets wet and deteriorates.

POLISHES AS IT CLEANS: Brings porcelain, ceramics and similar surfaces to a high shine.

NON-SCRATCH: Made with abrasives graded to remove stubborn soil without damage to surfaces.

LEAVES SURFACES SANITARY: Removes dirt, grease and other contaminants.
